

## Regionalizing Public Safety -- Councilmember Marti Brown -- Speaker Series -- 5/5/11

5/5/11 -- It's been a while...but here's another installment from the Marti Brown Speaker Series. This one features:

Labor and employment lawyer Jack Hughes

Retired Fire Chief Bill McCammon

Past City Manager and consultant Mike Oliver.

It's long but full of useful information. Really though...the pivotal cinematic moment?

At around 1:30:00 when Jack Hughes describes Vallejo's very popular use as a city on wage comparison lists throughout Northern California:

"In labor circles, Vallejo's what everybody else wanted to be"...."Vallejo pays."

Well, we sure have.
